1. About this consent

By registering for and taking part in the Viswa Santhi Virat Parayanam (the "Event"), you agree to the terms on this page. Please read them before you register. Taking part is free and voluntary.

2. Participation

- I am registering to chant Sri Vishnu Sahasranamam together with other devotees worldwide at the appointed time.

- I will keep my camera and microphone on and chant sincerely throughout the chanting.

- I understand that my attendance may be reviewed and verified by the organisers and their partners.

- I confirm that the information I provide at registration is accurate.

3. Photo, video & audio consent

I consent to my image, video and audio being recorded during the Event, and to their use for:

- verification of participation and record-keeping;

- event documentation and archives;

- publicity, promotion and sharing by the organisers and their official partners, including on websites and social media.

Recordings are stored securely and handled in line with our Privacy Policy.

4. Minors and written parent / guardian acceptance

If the participant is under 18 years of age (or a minor in their local jurisdiction), a parent or legal guardian must read the applicable terms and accept them in writing on the participant's behalf, including the applicable recording and evidence-use terms.

Parent or guardian details entered during registration do not replace the required written acceptance. A registration QR Entry Pass does not establish that consent has been reviewed or that participation will qualify for a record. A teacher or group coordinator's declaration alone is not recorded as a parent's or legal guardian's acceptance.

Group participation and record requirements

These event terms do not replace the applicable signed agreement and record-specific guidelines. Group representatives must retain the required written authority and participant acceptance. The organisers must review the required consent evidence before treating it as complete.

5. Data & privacy

- We collect only what is needed to run the Event: your name, email, mobile number, country and time zone, and your participation recording.

- Your mobile number may be used to send you event updates and to recover your account.

- Your details are not sold. They are shared only with official partners involved in running and verifying the Event.

- You may contact us to ask about or request deletion of your data after the Event, subject to record-keeping needs.

6. Free participation

Taking part is completely free. There is no fee at any stage.

7. Contact

For any question about your participation, data or consent, please reach us through the contact details on the home page.
